

Larex

The background of the entire page is an abstract composition of overlapping circles and organic, textured shapes. The colors range from dark charcoal to light beige, with a prominent, fine-grained texture that resembles stone or a high-quality material. The circles overlap in a way that creates a sense of depth and movement.

We're thinking holistically: strategies instead of products, spaces instead of collections, the planet instead of human interest alone. Together, in dialogue with our clients and partners, we design the world we want to live in. This is what makes the project of living.

new perspec- tives on

c.table design

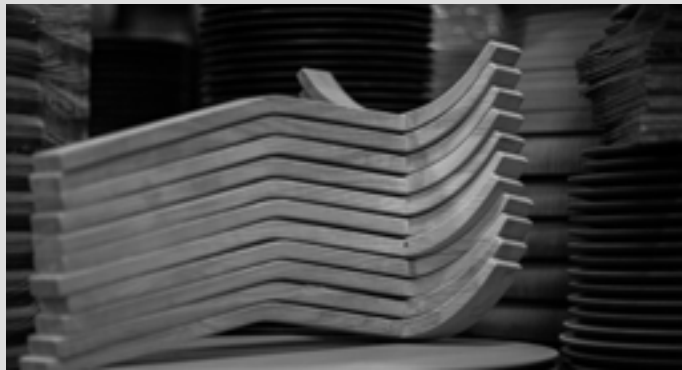

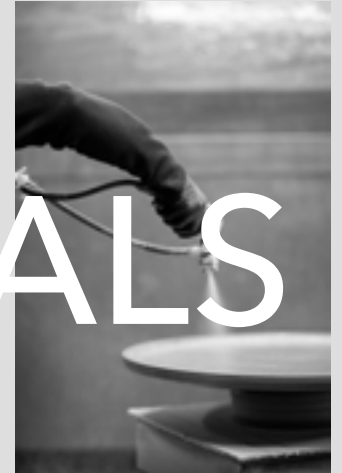

Larex is rooted in the Scandinavian design tradition characterized by enduring aesthetics, functionality, craftsmanship and an honest expression. By expanding this heritage with forward-looking materials, techniques and bold creative thinking, our ambition is to deliver new perspectives on Scandinavian design. In fact our name, Larex, comes from Larexs, meaning new perspective in Finnish. We handpick leading contemporary designers who are strong interpreters of our philosophy and combine their talents with the passionate Larex creative team. You will know our design because it has Larex's: objects made sublime through new perspectives, enjoyed across the world, representing the best of Turkish design today.

THE STORY OF PROFESSIONALS

**More responsibly.
More expressively.
More connected.**

The world is in constant change, and the solution we might need today might not be what we need tomorrow.

To respond and adapt, Larex creates the strategies for a world in flux – shaping spaces and solutions, forwarding sustainable practices, pursuing new product innovations, and cultivating culture and ideas with thoughtful, life-centered design.

We're thinking holistically: strategies instead of products, spaces instead of collections, the planet instead of human interest alone. Together, in dialogue with our clients and partners, we design the world we want to live in. This is what makes the Larex.
